## FROM SEEDS TO STRONG ROOTS: YOUR LEGACY WITH WUSC

**WHEN YOU INCLUDE WUSC IN YOUR ESTATE PLANS, YOUR THOUGHTFULNESS WILL, ONE DAY, PROVIDE HOPE AND OPPORTUNITY TO COUNTLESS FUTURE LEADERS**

The humble seed.

It may be a tiny, unassuming speck, but each seed holds the potential to grow into something magnificent – a tree that provides shade, fruit, and oxygen; a flower that brightens the landscape with its beauty and fragrance; or a crop that feeds a hungry community. A seed is a powerful symbol of hope, resilience, and transformation.

Your gifts to WUSC are like seeds. Each thoughtful gesture reflects your values and vision, and fosters lasting change for generations to come.

When you leave a gift to WUSC in your will, you're making a commitment to young people thriving in the future. You're investing in the education, livelihoods, and empowerment of young people around the world who face the most challenging circumstances. You're helping them overcome barriers, access opportunities, and build strong roots that will support their futures. You're contributing to a more inclusive, equitable, and sustainable world.

“ *Though I still have a lot of challenges ahead of me regarding my education career, I vow not to give up until I achieve my dream. I am now focusing on becoming a national leader in the future where I can address issues affecting women and girls in our society.*

**Anthia**, secondary school senior and WUSC mentorship participant in Uganda

Leaving a gift to WUSC in your will is a simple and meaningful way to make a difference. A donation of as little as 1% of your estate can result in a bigger contribution than you ever thought possible. And you're still leaving 99% of your estate to support your loved ones, while not using any of the money you need now.

Your compassion today will build strong roots for those who come after you.

Please contact us at [legacy@wusc.ca](mailto:legacy@wusc.ca) if you'd like more information about leaving a legacy gift to WUSC that will nurture young people around the world and help them to build a brighter future.
